

Edward Esteban León Solar

SYSTEMS ENGINEER

[DEVELOPER OF WEB APPLICATIONS]

ABSTRACT

Graduated in March 2014 with the degree of Systems Engineer, I started working at CANTV as a developer of Web applications. For the year 2015 I completed the Diploma in Business Intelligence at the Central University of Venezuela. I have more than four years of experience in Web development with PHP.

I enjoy working on Open Source projects during my free time. My goals are aimed at success; I am constant, self-taught and collaborative.

SKILLS

Programming languages: Php, Js, Java, Python, C++, SQL, PLSQL.

Databases: PostgreSQL, Mysql, Oracle.

Frameworks: Yii Framework, Codeigniter, Laravel, Bootstrap, Angular.

Technologies: HTML, CSS, JQUERY, JSON, AJAX, GIT, SVN, Pentaho DI, WordPress, API.

Design patterns: MVC, DDD.
